

## Winter hire brochure 2023/2024

---

This winter we are pleased to offer our beautiful pavilion at De Vondeltuin for private events. During the long winter evenings, you can use our pavilion for Christmas parties, festive dinners, birthday celebrations, or pretty anything you have in mind!

We can accommodate up to 30 people for a seated dinner, or around 60 people for a party. We have a selection of menu options available including snacks, a walking dinner or a 3-course dinner.

You can also choose to offer your guests a Dutch bar or an open bar. A Dutch bar consists of our house wine, house beer and soft drinks. The open bar includes everything we have available. Why not offer your guests a welcome cocktail of a glass of bubbles?

### **Good to know:**

We are not asking for a hire charge for the use of our pavilion, just a turnover guarantee of €750,-. You can also let us know if you have a budget for your event, and we can let you know (discreetly) when you're getting close to that amount.

Reservations must be made at least 1 week in advance.  
We recommend booking early to avoid disappointment.

Reservations can be held in option for 72 hours. If we do not receive confirmation within that time frame, we will have to release the date for other potential bookings.

Reservations must be secured with a deposit of around 30% of your budget for the event, which is deducted from your bill on the evening of your event. When you confirm your booking, we will send you a link to make this payment.

To make a reservation we need your name, phone number and email adress. We will also need to know the date and time of your event and the number of guests.

Once your reservation is confirmed we would love to meet with you at De Vondeltuin to go over menus and bar choice, and any other questions you may have. Let us know when would work best for you and one of our team members will be happy to meet with you.

Please let us know if you have any further questions.  
We look forward to welcoming you to De Vondeltuin!
